CDS VICE-PRESIDENT'S REPORT TO THE 2024 CDS AGM

It is hard to believe another year has now gone by. 2024 was a very busy year dealing with numerous Breaking related matters including CDS, WDSF, Safe Sport, Sport Canada, Canadian Olympic Committee, SDRCC, Office of the Sport Integrity Commission, New Safe Sport Policies and Universal Code of Conduct to Prevent & Address Maltreatment in Sport and attending various virtual meetings. In my role as CDS Vice-President I would try to assist Sandy as much as possible. Once again, the amount of time and energy which Sandy had devoted towards all of the CDS, WDSF as well as Breaking matters during the year was immense. She is simply remarkable as she kept to deadlines, accomplished numerous tasks in a timely fashion, attended virtual meetings and communicated with the various parties. We are very blessed to have her at the helm as our President. I enjoyed working with Sandy and assisting her in the various CDS, WDSF and Breaking matters throughout the year.

I have noticed that the volume of work involved with Breaking is unquestionably high and time sensitive. A big thank you also goes to Geoff Reyes of the CDS Breaking Committee as he always came through with meeting the deadlines in completing the numerous forms and applications required by COC and Sport Canada.

I will not be listing the various items which I had helped Sandy with during the year as I am sure Sandy's report will identify each item clearly.

I would like to reiterate once again how very fortunate we are to have Sandy as our CDS President. Her vast knowledge on WDSF and CDS matters is certainly an asset to our association. I wish to thank her for all her work on CDS to date.

Respectfully yours,

Pinky Wong
Vice-President, Canada DanceSport
